This screen shows each of the student’s classes and the resources available to them from online links, TA contact information, and tutoring.

My Major:

Computer Science:

14 Goals left for graduation

Next required classes:

Physics XXX or

Chemistry XXX

My minor:

No minor

Would you like to find one that suits you?

[Use our minor finder!](#)

This screen shows the student’s current major

It connects to my.sc.edu to find the student’s fulfilled and required classes and recommends the next classes they should take along the major path.

In addition, it shows what the student has a minor in as well and if the student does not have a minor, it can offer a list or short quiz to help a student decide if one is right for them.
